(Can't get by without you)
(Can't get by without you)
When I leave your door
When we say goodnight it hurts me more and more
'Cause girl, it just ain't right
To end the day like this
With no more than a kiss
Spend the night just dreaming of the things we're
gonna miss

If I had my way (my way)
Girl, we'll be together more and more each day (each
day)
We could walk forever lovers hand in hand
Can't you understand
Girl, you've got to be my woman and I've got to be your
man

Chorus:
Can't get by without you
I need you more each day
The way I feel about you
Needs nothing more to say
'Cause I love you
Girl, I need you
Can't get by without you, no way
(Can't get by without you, baby)

(Can't get by without you no way)

It's a sad affair
Wasting precious time that you and I could share
Girl, it's such a crime to hear you call my name
It's a crying shame
When we're not together
Then there's only time to blame

There will come a day (a day)
Girl, I do believe it's not too far away (far away)
When I say goodnight and still be by your side
To dry the tears you've cried
And I have all the love I need to keep me satisfied

Repeat Chorus 2x

Can't get by...
(Shoop bee doo bee doo doo)
Doo doo doo doo yeah
(No, way...)
(Can't get by without you, baby)
(No, way...)
Doo doo doo doo yeah
(No, way...)
No, no way
(Can't get by without you, baby)
(No, way...)
(No, way...)
