"Don't Walk Away"

Can't believe we're standing here
Saying that we're leaving
While holding back the tears
I remember everything we've shared
Through all the years

Why does it have to end this way
Is this the bitter pill
That we have to take
And now we've come this far
Is this the price we pay
Can we win it back again

So don't walk away
We can save our love
If we just keep the faith
Let's turn the tide
Before it's too late
Don't let it go
Don't walk away

Some times we don't see our eye to eye
And in the past, we may have danced a little out of time
And after all the different roads we've walked together
Let's make it right

Let's start tonight

So don't walk away
We can save our love
If we just keep the faith
Let's turn the tide
Before it's too late
Don't let it go
Don't walk away

All it takes is understanding
The answer's right there in our hearts
We can reach a new horizon
If we keep the hope alive
So don't walk away
We can save our love

If we just keep the faith
Let's turn the tide
Before it's too late
Don't let it go
Don't walk away

So don't walk away
We can save our love
If we just keep the faith
Let's turn the tide
Before it's too late
Don't let it go
Don't walk away
