Moving on our way
I will always remember
Moving on our way
Our first days together
It felt like we had known each other forever
We were dreamers
To give up everything
And we were believers
But one thing that we have learnt is to stand, together
as one
To follow this dream
And nothing will overcome
Chorus:
And nothing's gonna stop us now
We're moving on in the one direction
We're growing stronger with each passing day
All of our friends all along the way
We're moving on we'll always remember
Moving on our way
Moving on our way
Now there's been hard times
As the road unwinds
It's been worth all the sacrifice
Times are changing
We've grown closer
Can't look at the world
And I hear what you say
Through innocent eyes
We promise we will never forget the message
keep the faith as long as you're here
By our side
We'll make this music last for all time
Chorus till end
