[Chorus]

Party people (hey)  
It's Friday night  
Rock this joint until the morning light  
Crowd is jumping (hey)  
It feels alright  
Forget Monday, Tuesday, Wednesday, Thursday  
(Hey) it's Friday night

Just another day  
Sitting watching the clock  
Tick tock, tick tock  
But it feels like it's stopped  
Wishing time away  
Pushing Monday through to Friday

I'm dreaming of the crowds  
Everybody's hanging out  
The soft-top's down  
And we're pumping the sounds  
I can feel the vibe  
As we're cruising the town  
I can't wait 'til Friday comes around

Oh, when the working week is done (is done)  
Got my money and now I'm gonna get some (get some)

[Chorus]

Party people (hey) It's Friday night (Friday)  
We'll rock this joint until the morning light  
Crowd is jumping (hey)  
It feels alright (alright)  
Forget Monday, Tuesday, Wednesday, Thursday  
(Hey) it's Friday night

(So y'all ready?  
We just keep rockin' on  
Feeling good  
Just 'til the break of dawn)

Know what I gotta do

I'll do what they say  
But I swear that ship is coming my way  
Gonna kiss this place goodbye  
Gonna chase my destiny  
Gonna make it Friday every day

Ah, when the working week is done (is done)  
Got my money and I'm gonna get some (get some)

[Chorus]

Party people (hey)  
It's Friday night (gonna rock this joint)  
We'll rock this joint until the morning light  
(morning light)  
Crowd is jumping (hey)  
It feels alright (alright)  
Forget Monday, Tuesday, Wednesday, Thursday  
(Hey) it's Friday night (party people, yeah)

Party people (hey)  
It's Friday night (gonna rock this joint)  
Gonna rock this joint until the morning light  
Crowd is jumping (hey)  
It feels alright (alright)  
Forget Monday, Tuesday, Wednesday, Thursday  
(Hey) it's Friday night

Bring, bring, telephone rings  
Tell me baby what you're saying  
I know sometimes it's hard to take it  
Trust me baby, just believe it  
Monday I know, it goes so slow  
Tuesday man, I just don't know  
Wednesdays drive you crazy  
Thursdays over man, it's Friday

[Chorus]

Party people (hey)  
It's Friday night (friday)  
Gonna rock this joint until the morning light  
(morning light)  
Crowd is jumping (hey)  
It feels alright (alright)  
Forget Monday, Tuesday, Wednesday, Thursday  
(Hey) it's Friday night (party people, yeah)

[repeat chorus to fade]
