When it feels like the world is on your shoulders
and all the madness has got you going crazy , it's time
to get out
step out into the street where all of the action is right
there at your feet

well I know a place where we can dance the whole night
away
underneath the electric stars
just come with me , and we can shake it loose right
away
you'll be doing fine once the music starts , oh

chorus :
feel the beat of the rythm of the night
dance untill the morning light
forget about the worries on your mind
'cause you can leave them all behind
feel the beat of the rythm of the night
oh , rythm of the night

look out in the street , now , the party's just beginning
the music's playing , a celebration's starting
under the streetlights , the scene is being set
a night for romance , a night you won't forget

so come on join the fun , this ain't no time to be staying
at home
there's too much going on
tonight is gonna be a night like you've never known
we're gonna have a good time all night long

Chorus

come join the fun, this ain't no time to be staying home
oooh, theres too much going on
tonight is gonna be a night like you've never known
we're gonna have a good time all night long

repeat chorus to fade
