I'm cold as ice in this world
I don't know what to do
I'm freezing to death and I'll be gone
do you have this too
The sun and the moonlight needs to come out now
I've been waiting for this a long time
and i need help

I feel like I'm gonna die, and go up to the sky
can't anyone see I'm bleeding for help
for help oohhh

I hear that noise coming from outside
I wonder what it may be
I hope it'll be the key
to the story of my life
or else I'll be known in history
ooh can't anyone see I'm bleeding for help, for help
oohhh

I'm looking down at everybody
Their looking up saying who's that body
why am I feeling so weird
I don't know if i'm gonna survive in this life all by
myself
living in this bombshell
oohh can't anyone see I'm bleeding for help, for help
oohhhh

I'm walking down the street
nowhere to go baby
I'm hearing people say look there's a boe
sometimes i wonder if I really am one
woah woah woah oh no
I need someone to to to
can't anyone see I'm bleeding for help, for help, ooh
oohhh
for help
