Well I kinda have to admit, I wanna thank you for all the
times
For when you were there for me, when I did all the
crimes
For if it was love or the lies, you still took away those
sighs
But now it's my turn to be the one, to give you the
sunrise

Ooh it's alright, go ahead and cry
You can trust me with everything
Go ahead and moan, go ahead and groan
You can trust me with everything
But I wanna have you to know that, I'll be there
Ooh yeah I'll be there yes I will, ooh

You got heartbroken today
Usually it's mixed around to me
For when it was all flirty, with all the beauty
He says no but you want it to be a yes
It gets so confusing so just confess, you think he's the
best
Ooh it's alright, go ahead and cry
You can trust me with everything
Go ahead and moan, go ahead and groan
You can trust me with everything
But I wanna have you to know that, I'll be there
Ooh yeah I'll be there yes I will, ooh

You walk past each other you give him a sign
I keep telling you it will be alright
Everything will turn out just fine, even though it doesn't
feel like the lifetime
You just sit back and think, trying to hold the tears, just
blink
Making sure he doesn't see what he's done to you and
your serenity

Ooh it's alright, go ahead and cry
You can trust me with everything
Go ahead and moan, go ahead and groan
You can trust me with everything

But I wanna have you to know that, I'll be there
Ooh yeah I'll be there yes I will, ooh

One day I tell you what to do
You don't believe me you think I'm coo-coo
But everything will fit together, like globs of glue
You walk up to him, tell him how you truly feel
You can't believe your doing this, is this real
Wishing you could go back to the start, but you have to
give him your heart

Ooh it's alright, go ahead and cry
You can trust me with everything
Go ahead and moan, go ahead and groan
You can trust me with everything
But I wanna have you to know that, I'll be there
Ooh yeah I'll be there yes I will, ooh

I'll be there, forever
