"After The Rain"

I woke up this morning
And you're not here
Listening carefully
So I can hear
Your voice in the wind
There it goes again
But I know that it's
Wishful thinking
I smell the perfume
That's uniquely yours
Walk through the day
And complete my chores
But I must begin
To start once again
And I don't wanna!

After the rain
There's always tomorrow
After the pain
Of a heart filled with sorrow
After the rain
There's always tomorrow
After the pain
Of a heart filled with sorrow
To live again

When I look around
It's you I see
I know that my heart
Has me deceived
Am I asking too much to
Wish for your touch to last forever
Your walk and your smile
Splashed across your face
The heat of your touch
And your warm embrace
What I really miss
Is your gentle kiss
You'll live in my heart forever

After the rain

There?s always tomorrow
After the pain
Of a heart filled with sorrow
After the rain
There?s always tomorrow
After the pain
Of a heart filled with sorrow
To live again

After the rain comes
There will be sunshine

To live again!
