Come and go with me  
Come and go with me  
Come and go with me  
Come and go with me

I came home  
Without a care  
Knowing that soon you'll be here  
Turn off the phone  
Dimmed all the lights  
I ordered in  
No cooking tonight  
So are you in the mood tonight  
I hope that everything's all right  
Are you in the mood?

Now we're alone  
Without a care  
I'm needing some love  
You'll take me there  
We'll take it slow  
You'll make it right  
No need to rush this feeling tonight

Come and go with me are you in the mood  
Tell me are you in the mood  
Come and go with me  
Come and go with me  
I'll show you things you never seen  
We can take it nice and slow  
Tell me where you wanna go  
I'll take you there  
Are you in the mood?  
Come on baby tell me are you in the mood  
Are you in the mood?  
I can take it there  
I can show you things that you've never seen  
Come and go with me  
I'll make it right as  
Long as you promise you are in the mood  
Come and go with me

La di da  
La di da  
Ooh oooh oooh
