Life is a challenge
We meet in the middle
Full of surprises
It turns when
We figure it out
Problems and troubles
From work and from people
It's time that we take the time
To breathe

Don't wait for tomorrow
To bring you whatever
You need
Won't be long
Til we're gone
We got to live for today

Help for my people
Living for today
Love all like equals
Living for today
Hope for tomorrow
Living for today
We need time to play
Living for today

When it's said and done
We all need a break from it all
Undoubtedly we should
All be free

Life is a wonder
A gift beyond measure
With disappointments
Pain and pure pleasure

Unwelcome worries
Take over our daily
Thoughts and steal
Our natural way to be.

Don't wait for tomorrow
To bring you whatever you need
Won't be long
Til we long
We got to live for today

Strange and wondrous
Are the ways of the world
But we need to care for
One another people

Enjoy life and be kind
To each other
It's the only way we can
Make it work and then we can all be free.
