Get up let me look you over
I'll tell you if I like what I see
Give it up
Let me take u over to a land of possibility
Hold on
To me
I'll set you free
Baby take me to ecstasy

If you feel what I'm feeling
Make it alright
If you feel what I'm feeling
Make it alright
If you feel what I'm feeling
Make it alright

Give it up
Come a lil closer
Tell me do you like what you see
Let me take u over to a land of possibility
Hold on
To me
I'll set you free
Baby take me to ecstasy

If you feel what I'm feeling
Make it alright
If you feel what I'm feeling
Make it alright
If you feel what I'm feeling
Make it alright
