Cho Nothing?s Gonna stop us Nothing?s gonna shake this thing That we got We?re gonna make it!

Challenges will come and go But you know The team that we are Nothing can break us!

## V1

Word on the street People they speak That their pockets are shallow Tight lines have narrowed

It seems to me All that I see Where smiles used to be Frowns upon faces

I know it seems like It?s been a long time Since you?ve seen The road of destiny

But don?t you give up Cause you know that the ride Is the best part of the journey

## Bridge

One Listen to your heart It will take you there As long as you just let go Open yourself and your mind To other things that you didn?t See before

Open that door

That leads to more You?ll never know Just what you?ll find

Cho Nothing?s Gonna stop us Nothing?s gonna shake this thing That we got We?re gonna make it!

Challenges will come and go But you know The team that we are Nothing can break us!

Bridge

One Listen to your heart It will take you there As long as you just let go Open yourself and your mind To other things that you didn?t See before

**Repeat CHORUS** 

(Unity)- it?s the way to win (Unity)- it?s the way to love (Unity)- it?s the way to peace

Unity- Nothing?s gonna stop us Unity- Nothing?s can break us
