"Without You"

Sitting here all alone
Since I've been
Now that you're gone
Wondering
What will I do
Without you

Crying almost every night
Sometimes I think I might
Run away
I love you
But I guess I'll do
Without you

Times have come and gone
Thing somehow
Went wrong
I've already apologized
For the things I've done
Still you won't be here
Forever more

I'm feeling lonely
I didn't want to be the one to part
Somehow I'll just have to say
I'll be without you
For now and forever
Without you

I'm feeling lonely
Mending the pieces of my broken heart
Starting something now
I didn't want to start
I still need you baby-
Life just aint the same
Without you

Sitting here all alone
Since I been
Without You
