Rumors abound
You're runnin' around
And everybody tells me I've been blind
Well it's killin' me
How could this be
Won't you ease my troubled mind

All night long I walk the floor
Don't make me walk it anymore
Take this doubt
Off me now
Baby please, ease my troubled mind

I get no sleep
Got no peace
Imagination's workin' overtime
With every thought of you
With somebody new
Won't you ease my troubled mind

Tell me I ain't losin' you
Help me, I don't know what to do
So hold me close
Say you'll never go
Baby please, ease my troubled mind

Tell me I ain't losin' you
Help me, I don't know what to do
So hold me close
Say you'll never go
Won't you ease my troubled mind
Baby please, ease my troubled mind
Won't you ease my troubled mind
