She looks like she just might
Hold you tight all night
You can't go by that

She looks tough, well, good luck
You can't pass that one up
You can't go by that

(You can't go by that)
Once she takes hold
(You can't go by that)
You can't let her go
(You can't go by that)

Boy, I swear I've been there
If she acts like she cares
(You can't go by that)

Her blue eyes hypnotized
Oh, but like they light
You can't go by that

She's so smooth, she makes you think
That you hang the moon
You can't go by that

(You can't go by that)
Once she takes hold
(You can't go by that)
You can't let her go
(You can't go by that)

Boy, I swear I've been there
If she acts like she cares
(You can't go by that)

Your heart is headed for a fall
I can see it in your eyes
If you had any sense at all
You'd just walk on by

(You can't go by that)

Once she takes hold
(You can't go by that)
You can't let her go
(You can't go by that)

Boy, I swear I've been there
If she acts like she cares
(You can't go by that)
