All I ever wanted to is get you out alone,
I love you sexy!
Your sexy attitude, it makes it all worth it!
When I put this love in you
All it takes is getting close,
And you're heart will be exposed,
I just wanna get hold, cause I never let go!

Chorus:

I bet you won't be standing when it all falls down
There's no way you'll be standing up at all
Cause their legs are off the ground
Girl, you ain't gonna be standing up
Cause falling in love is falling down!
But I pick you up, baby!

You ain't gotta make a move, just lying there
And I'll be right there!
Right there next to you, I'll be at your service
I'll do all the things you want to!
Light the candles, kisses,
Close the .. and lock the doors!
Trust me once I get a hold of you
I haven't let go

Chorus:

I bet you won't be standing when it all falls down
There's no way you'll be standing up at all
Cause their legs are off the ground
Girl, you ain't gonna be standing up
Cause falling in love is falling down!
But I pick you up, baby!
All night, all day, all of your life
Just call up my name
And I'll be sure to send this ,
You'll be lifted off the ground!

Chorus:

I bet you won't be standing when it all falls down
There's no way you'll be standing up at all
Cause their legs are off the ground

Girl, you ain't gonna be standing up
Cause falling in love is falling down!
But I pick you up, baby!
