You know I've seen it all before  
I'd like to see her out the door  
But who the hell am I to whine  
I've been a dick a million times

Never thought you'd run  
Never thought you'd ever go away  
I know it's hard to take it  
But every thing ain't right, see the light  
I don't know what to say  
And I don't know what to say, yeah yeah

There's only one place you can hide  
Going through life with your blind leading the blind  
And there's a problem that you can't fight  
Problem will stop if you leave that bitch tonight

One thing I can't forget about  
I'll slam the door on her way out  
And if she needs a little help  
I'll even pack her bags myself

Never thought you'd run  
Never thought you'd ever go away  
I know it's hard to take it  
But every thing ain't right, see the light  
I don't know what to say  
And I don't know what to say, yeah yeah

There's only one place you can hide  
Going through life with your blind leading the blind  
And there's a problem that you can't fight  
Problem will stop if you leave that bitch tonight

There's only one place you can hide  
Going through life with your blind leading the blind  
And there's a problem that you can't fight  
Problem will stop if you leave that bitch tonight

There's only one place you can hide  
There's only one place you can hide  
And there's a problem you can't fight

Problem will stop if you leave that bitch tonight
