Roam the streets at night 'cause I'm not feeling
And, there's a world of you in everything I see
Try to sleep all day 'cause I'm better off that way
And, that's the only place that you can't torture me
Only place that you can't torture me

'Cause I never wanna see your face
You're nothing but a big mistake
Oh, why can't I except the way it is
Running from you in my mind
I don't know how I got this way for you

1, 2, 3, 4
I can't think about myself
'Cause, every time I do I think of you
I can't think about myself
'Cause, every time I do I think of you
Every time I do I think of you, go

Everyone I know, they tell me how they miss you so
And, wonder what you're doing now and where you've
been
Don't know what to do, reminded constantly of you
And, I can't escape the mess you've got me in
Can't escape the mess you've got me in

'Cause I never wanna see your face
You're nothing but a big mistake
Oh, why can't I except the way it is
Running from you in my mind
I don't know how I got this way for you

1, 2, 3, 4
I can't think about myself
'Cause, every time I do I think of you
I can't think about myself
'Cause, every time I do I think of you
Every time I do I think of you
Every time I do I think of you
