Well I almost blew it, I'm glad I saw right through it
Her other half was out of town, I kind of knew it all
along
And after what she told me, "I just want you to hold me
Well, my girlfriend doesn't care whether you're lonely
or not"

The look in your eyes when you're starin' at me
I can't think of anything that's the same
The temptation's strong, yeah but I can't be weak
Or I'll screw up everything, everything

Lets just tear each other's worlds aside
You take yours and I'll take mine, 'cause we'll never get
to see

Don't tell me that you're crazy
I don't think this time we'll ever get to see
I don't care what you're saying
I don't care now, we'll never get to see

And after what you told me, "I just want you to hold me
I don't trust a single word and I never ever will
And now I've figured out why the look is still in your eye
All I know is you're bad news so just stay away from
me"

Lets just tear each other's worlds aside
You take yours and I'll take mine, 'cause we'll never get
to see

Don't tell me that you're crazy
I don't think this time we'll ever get to see
I don't care what you're saying
I don't care now, we'll never get to see

Don't tell me that you're crazy
Don't tell me that you're crazy
Don't tell me that you're crazy
Don't tell me that you're crazy

Don't tell me that you're crazy

I don't think this time we'll ever get to see
I don't care what you're saying
I don't care now, we'll never get to

Don't tell me that you're crazy
I don't think this time we'll ever get to see
I don't care what you're saying
I don't care now, we'll never get to see
