I see you all the time
I can't go anywhere without you walking by me
And I think I must have lost my mind
'Cause that coincidence could
Never happen every single day

I'll be leaving outta town on Tuesday
I'll be leaving but I wish I could stay
And I only wish I had the nerve to say

I want you to know however things may go
That you were always on my mind
It doesn't matter where I'm at
I want you to say that you feel the same way
'Cause I know I'll see you sometimes
You know I never have come back

I wonder if you think about me
Like I think about you right before I go to sleep
It's obvious to me that this is fate
And I know every time I see you on the street

I'll be leaving outta town on Tuesday
I'll be leaving but I wish I could stay
And I only wish I had the nerve to say

I want you to know however things may go
That you were always on my mind
It doesn't matter where I'm at
I want you to say that you feel the same way
'Cause I know I'll see you sometimes
You know I never have come back

Time to say goodbye for now
I don't wanna say goodbye for now
I wish I could stay but it's time to say
Goodbye, goodbye

I saw you yesterday
That's when I knew without a doubt
I know what I should say
It's just so hard to get it out

And I know you feel the same
And I know I'll see you sometime
Goodbye

I'll be leaving outta town on Tuesday
I'll be leaving but I wish I could stay
And I only wish I had the nerve to say

I want you to know however things may go
That you were always on my mind
It doesn't matter where I'm at
I want you to say that you feel the same way
'Cause I know I'll see you sometimes
You know I never have come back

I want you to know however things may go
That you were always on my mind
It doesn't matter where I'm at
I want you to say that you feel the same way
'Cause I know I'll see you sometimes
You know I never have come back
