(Jennifer Lopez Ft. Ja Rule & Cadillac Tah)

Ja Rule:

Murder Inc.

Haha

It must be the ass

That got me like "Damn!"

If they get any fatter, man the Rule gonna hafta get at her

And our situation won't matter

I come to make you smile in the freakiest manners

J to the L.O.

Hello, no I'm not Lee Harvey Oswald

I'm like the Rule in the shot call, off the wall

Like MJ in his early days

It's the Inc. and Lopez now

Jennifer:

Ain't it funny

It's been awhile since you came around

And now you wanna see what's goin' down

Tryin' to tell me why ya want my time

Tryin' to tell me that I'm on ya mind

(Mind)

See it never had to be this way

You should have never played the games you played

Now I'm seeing that you're kinda lame

Knowin' how the situation changed

Ain't that funny

Baby that you want me, when you had me

Love is crazy

Now I can smile and say,

Ain't that funny

Baby that you want me, when you had me

Love is crazy

I'm glad I can smile and say,

Ain't that funny

I remember how you walked away

Even when I tried to call your name

See at first I didn't understand
Now you're looking like a lonely man
(Man)
I remember how you did me wrong
Now you're hurting 'cause my love is gone
Everybody has a chance to burn
You can take it as a lesson learned

Ain't that funny
Baby that you want me, when you had me
Love is crazy
Now I can smile and say,
Ain't that funny
Baby that you want me, when you had me
Love is crazy
I'm glad I can smile and say,
Ain't that funny

Cadillac Tah:
C, A, double D, Hi
Double dose my
Fly by, red line
Touch the roast side
Oh, I never been a sucker for joke, Ja
Spit the ism, hit 'em, get rid of 'em, you know Tae
Get it Gully?
And ain't it funny
How they want me
See me walking with money
But Cali ain't a dummy
What these brodies want from me?
'Cause all I got is G
(J-LO! And Murder I.N.C)

Jennifer:
I really wish you wouldn't send me gifts
Tryin' to make me sit and reminisce
Tryin' to blind me with your blingin' bling
Thought I told you love don't cost a thing
(Cost a thing)
Hope you realize that now I'm through
And I don't wanna ever hear from you
I had enough of bein' there for you
Now I'm laughing while you play the fool

Ain't that funny
Baby that you want me, when you had me
Love is crazy
Now I can smile and say,
Ain't that funny
Baby that you want me, when you had me

Love is crazy
I'm glad I can smile and say,
Ain't that funny

Baby, is that your girlfriend?
I got my boyfriend

Jennifer & Ja Rule:
But maybe we can be friends
La da da da da da
