I get so bored by the day's end  
I'm holding on for the weekend  
I don't know why  
I'm burning up inside

Let's get lost, feel like driving out of my mind  
Wheels on fire, see those dust clouds rising up to the  
sky

You don't know the way that you got me feeling  
Everyone around is wheeling and dealing  
Endless freeway, cruising down the line on Highway 69

"Come on baby, take my hand lead me to the promised  
land"

"You're meant for me, I'm meant for you what fate has  
done, we can't undo"
