Seat with me
Hold my hand, be my friend

Watch the stars
They protect us, from afar

Look at us
From above, from beyond

I don't know them
But I miss them, I miss them

And I see you smile in my dreams
After I cry myself to sleep
And all it's left are memories
Of your warmth
And I miss you and I'm afraid
And all the seasons are the same,
I don't remember what you said
Our last time

Forever thine, forever mine
I cross my heart
I won't let go, I will survive
The might of time

And I see you smile in my dreams
After I cry myself to sleep
And all it's left are memories
Of your warmth
And I miss you and I'm afraid
And all the seasons are the same,
I don't remember what you said
Our last time

I feel your love, from above, from beyond

I don't see you, but I miss you, I miss you

And I see you smile in my dreams

After I cry myself to sleep

And all it's left are memories

Of your warmth

And I miss you and I'm afraid

And all the seasons are the same,

I don't remember what you said

Our last time
