It breaks my heart 'cause I know you're the one for me  
Don't you feel sad there never was a story  
Obviously it'll never be

You will never know  
I will never show  
What I feel  
What I need from you no  
You will never know  
I will never show  
What I feel  
What I need from you

With every smile comes my reality irony  
You won't find out what has been killing me  
Can't you see me, can't you see?

You will never know  
I will never show  
What I feel  
What I need from you no  
You will never know  
I will never show  
What I feel  
What I need from you  
No no no no you will never know  
I will never show  
What I feel  
What I need from you no

No no no no you'll never know  
No no no no you'll never know  
No no no no  
Love me love me love me love me no

You will never know

I will never show no no no  
What I feel  
What I need from you no no no  
You will never know  
I will never show no no no  
What I feel  
What I feel  
What I feel  
What I need  
What I need from you no
