Black coffee in my throat, I know it stings just a little,
but it keeps me calm
Thinking of how I was trying to go against the stream
But now I know somewhere I was wrong

The wind could carry all the labor away
In spite of my exertions, it's not real to me
Your words will come floating in the air
"So let us just surrender ourselves to the sky"

Black coffee in my head, I know the way I try to do it is
the trickiest way
akuma demo tenshi demo nai dakara
jibun rashii katachi de ii

kaze ga subete sarette ku kokoro ni yadoru wa amai
yume

mou sukoshi ganbatte miru?
"So let us just surrender ourselves to the sky"

So don't go away, cause I wanna face you and say
"Can't really explain, but there's something true,
No tomorrow, live today!"

kaze ga kinou o saratte ku kokoro ni yadoru wa atatakai
hizashi
sou kanarazu tadori tsuku utsukushii basho e
The wind could carry all the labor away
In spite of my exertions, it's not real to me
Your words will come floating in the air
"So let us just surrender ourselves to the sky"

So let us just surrender ourselves to the sky
