sawagashi hibi koko ni oiteku  
nagare ni somuite ashi o hayameru  
watashi no shoutai hito go mi ni kakusu  
ato sukoshi de kono machi mo kieru

ashita ni nareba wakaruru sonna koto kangaeteita  
There is nothing for me to say  
Even if I do, you'll still be far away  
So I say a little prayer

soko ni nokotteta mukashi no kaori  
nagare ni makase omoi wa odayaka ni  
kimi no shoutai sukoshi zutsumeguru  
ima koko ni iru koto sugu ni tsutaetai

ashita ni nareba wakaruru sonna koto kangaeteita  
There is nothing for me to say  
Even if I do, you'll still be far away  
So I say a little prayer

Oh, I feel so fine  
Even if I fly at the speed of light  
soredemo kitto watashi-tachi wa mae e susumu  
shikanai

ashita ni nareba wakaruru sonna koto kangaeteita  
There is nothing for me to say  
Even if I do, you'll still be far away  
So I say a little prayer

When I wake up tomorrow morning  
When I wake up tomorrow morning  
When I wake up tomorrow morning, my doubts  
are gonna be still there, but something's new
