"The Reason Why You Are Here"

If I sing at night, I'll be swallowed by the darkness.
The morning light shines on that moment.
The light won't reach--no, that's not it,
The door is already open.

If I feel satisfied, I become worried.
If I cry, that's a kind of happiness as well.
Joy also comes
From being able to rise once again.

Ah, if I just take a step with all my heart,
I merely absorb the impatience.
The reason you are here now,
The sound of this rainfall knows.

If I spoil on you, there's something lacking.
If it's by my side, it becomes invisible to me.
You don't realize--no, that's not it,
I understand so much it hurts.

Ah, when I show my pride with all my heart,
I merely take it in, even in this moment.
The reason you are here now,
This evening sky knows.

I desire what I don't have.
What I don't have,
You do.

Ah, if I just take a step with all my heart,
I merely absorb the impatience.
The reason I am here now,
I'll search for it from now on as well.
