iwanai koto no modokashisaã€€iisugiru orokasa

mawatte meguru toki noã€€masuiã€€yowasa  
tooi kuni no koto hanashiteã€€okane ni tsuite oshiete  
kare wa zutto mukashi no koibito no hanashi wo shiteiru

I was walking around in my footsteps, and no one's  
there  
The sun has come up but you're lying there  
You gotta swallow it up, once you see the dish of 2  
sides in 1  
Melting on my face, my ears, my eyes, and everything  
that I see  
Melting on my ears, my eyes, and everything that I see

kanzen naru kazoku no kankaku hakari ni kakete  
mitemo

katamuku koto wa nakuteã€€-ã€€yume wo mita

And they always talk about connections  
And they always talk about the surface  
And she always talks about her boyfriend  
And he always talks about his ex-girlfriend

I was walking around in my footsteps, and no one's  
there  
The sun has come up but you're lying there  
You gotta swallow it up, once you see the dish of 2  
sides in 1  
Melting on my face, my ears, my eyes, and everything  
that I see  
Melting on my ears, my eyes, and everything that I see

I was walking around in my footsteps, and no one's  
there  
The sun has come up but you're lying there  
You gotta swallow it up, once you see the dish of 2  
sides in 1  
Melting on my face, my ears, my eyes, and everything  
that I see

Melting on my ears, my eyes, and everything that I see

You could give me more information I need

Oh I'm not giving it up cause I know  
there's gotta be someone here  
Walk the detours, I don't care  
I talk to you, "everything  
that I wanna say or do is make it real"  
Just like my ears, my eyes, and everything that I see  
Melting on my face, my eyes, and everything that I see

I was walking around in my footsteps, and no one's  
there  
The sun has come up but you're lying there  
You gotta swallow it up, once you see the dish of 2  
sides in 1  
Melting on my face, my ears, my eyes, and everything  
that I see  
Melting on my ears, my eyes, and everything that I see

I was walking around in my footsteps  
The sun has come up but you're lying there

How do you find when you just don't know?  
How do you search when you just don't know?  
How do you love when you just don't know?
