tsuki no ue ni nobori kitte  
shita o mi watashi teru  
sesuji o tadashite ne muke o kakushite  
kyou mo machi no hikari to niramekko  
atarashii asa hajimaru tabi  
itsumo kasuka ni dokidoki shiteta kedo  
kitto minna doko ka hitotsu de

tsunagatterutte koto shinjitai  
shiroi sora o miagete mabushikute te o kazashite

Sometimes I have to say, it's just a passing phase

kokoro ni saku hana  
ima ni mo kare sou demo  
itsuka megumi no ame  
kokoro uru osu toki gakuru

Silent stars shine in the sky,  
I wonder the reason why  
Every time I try to sing, they sparkle in my eyes  
What I expect to see, might only come to be  
A dream, but I know there's something greater to  
believe

Watching the days go by, your words are slowly fading  
away  
Sometimes I have to say, it's just a passing phase

And after all, all is heart  
Deep down inside, we'll never be apart  
Another day is about to begin, but today I'll let my  
feelings melt into the wind
