### "Clipe"

Prea multe vorbe spuse fara rost  
Prea multe ganduri pentru ce-ar fi fost  
Prea multe vise ce ma amagesc  
Prea multe amintiri ce ma hranesc.

Refren:

Zile, clipe, ore  
Zile care se scurg  
Zile, clipe, ore  
Ore...

Prea multe vise ce ma amagesc  
Prea multe amintiri ce ma hranesc...

(x2):

Who is able understand it?  
Who is able to believe me  
It's hard for me to keep in my mind  
How much I miss you ("dor" is a word that has no translation in other languages)  
(Who is able) to understand  
To understand...  
To understand...
