"Be Not Afraid"

Like a night
When you can't see a single star
When life is hanging over you
And everything is dark
And you can't even see one step ahead of you
And everything feels so hard

[Chorus:]

Don't be afraid
Let your heart believe
There's a million shining stars up there
You can't even see
And you are worth more than all of them combined
Sometimes it's hard to see the Father's grand design
Don't be dismayed
He knows your name
There is a way
Be not afraid

Don't let despair
Pull you from the light
The king of love and mercy
Is always by your side
No matter how tossed and torn your life may feel
You have the hope of Christ

[Chorus]
