I see some leading each other
Into the shadows
Into the dark

You and I - we need each other
To stay on the Lord's side
Wherever we are

So the power of light
Can shine in our lives
You can always count on me
To make you better

[Chorus]
Be strong
Be strong with me
We can help each other make it back home
Hold on
Hold on with me
To the standards and the truth that we know
We can help each other
Remember what we were sent here to be
Be strong
Be strong with me

I won't act in a way that would tempt you
So we can be true to
The things that we know

I want to love the way we were meant to
All things at the right time
Trusting His road

So the power of light can shine in our lives
You can always count on me
To make you better

[Chorus]
Be strong
Be strong with me
We can help each other make it back home

Hold on
Hold on with me
To the standards and the truth that we know
We can help each other
Remember what we were sent here to be
Be strong
Be strong with me
