I know He lives  
I feel it stronger  
Every time I follow Him  
I can't see my life before  
But I am completely sure  
I stood with the Savior

Now I'm here  
So many voices but  
The one that sounds so clear  
Is the one that's giving me strength  
Whispering to be brave  
And leading the way

[Chorus:]  
This is my one chance  
To prove that I won't be afraid  
No matter the cost  
I will be steadfast and strong in my faith  
I do not fear what others think  
The Savior means everything to me  
And I will stand with Him  
Courageously

I read of men  
Valiant in their faith  
And I want to be like them  
Like a fire burning with truth  
Like a mountain that won't be moved

[Chorus]
