I stand in wonder  
At what thou hast done for me  
Nothing could ever  
Be as sweet  
As Thy mercy  
As Thy love  
As Thy peace

[Chorus]  
My soul breathes  
I feel hope beat  
I'm so alive  
When thy spirit fills me  
I want this feeling with me  
Stay, stay  
Help me live in a way  
That Thy spirit can stay with me

Sure as the sunrise  
As pure as the falling snow  
Like leaves that are dancing  
In the autumn breeze  
Like blue skies  
Like laughter  
Like new life

[Chorus (x2)]  
My soul breathes  
I feel hope beat  
I'm so alive  
When thy spirit fills me  
I want this feeling with me  
Stay, stay  
Help me live in a way  
That Thy spirit can stay with me
