The snow-capped mountains
The crashing oceans
The fiery sunset lighting up the sky

The sound of laughter
A child's wonder
Heaven captured in a newborn's eyes

Music filling you
The spirit teaching truth
Gazing at a million stars in the sky

[Chorus:]
Our mighty God has given us
So much good to find
There's just no room for darkness in our lives
If there is anything that's praiseworthy
Anything that's virtuous or lovely
We seek after these things

The birds gliding through the sky
Rain on the roof at night
The morning sunlight breaking through the clouds

Helping one in need
Knowledge growing as you read
Working hard as you feel your heart pound

Claiming what we know
Love burning in our souls
Praying in secret and singing out loud

[Chorus]
Our mighty God has given us
So much good to find
There's just no room for darkness in our lives
If there is anything that's praiseworthy
Anything that's virtuous or lovely
We seek after these things

Dancing, flying, running, smiling (Reaching, loving,

sharing)
Dancing, flying, running, smiling (Reaching, loving,
sharing)
Dancing, flying, running, smiling (Reaching, loving,
sharing)
(Blue, blue skies, mountains high)
Green grass beneath my feet
The wind blowing through the trees
Feeling peace inside of me
We seek after these things
