Even before I reach for the door
You are waiting
And all the peace in arms of relief
Arms unfailing

You are always there
To catch me when I'm falling
You can hear me calling
When it's more than I can bear
I reach for You and You are always there

All of the light
I feel in my life
Comes when I'm near You
When I need to know
I'm not alone
In my heart I can hear You

You are always there
When the world is raging
All my hopes are fading
In the depths of my despair
I reach for You and You are always there

If all the world turns away
I can count on You to stay 'cause

You are always there
When there's no one else to hold me
Your perfect love enfolds me
And I feel how much You care
I reach for You and You are always there
