Yeah, this goes out to that dude
Yeah, you know who you are
I love you baby
Where do I start
Cause words can't explain it
The love I feel for you nobody can change it
When I was falling you didn't let me hit the pavement
You bright up my life, baby you my Las Vegas
My sunshine on my rainy days, rainy days
A little love from you take the pain away, pain away
Feeling stressed out, and depressed out without a
doubt
On my worst days you bring the best out
Even when we break up that's for the make up sex be
the best for days we be laid out
Even cook me breakfast on the wake up
I swear it's like a fairy tale made up
Bonnie and Clyde no one can separate us
We gon ride out until the feds come take us
Hes my king I'm his queen first lady
Us against the world just me and my baby

You and me together
Through the days and nights
I don't worry cause
Everything's gonna be alright
People keep talking
They can say what they like
But all I know is everything's gonna be alright

No one no one no one
Can get in the way of what I'm feeling
No one no one no one
Can get in the way of what I feel for you
You you
Can get in the way of what I feel for

I know some people search the world
To find something like what we have
I know people will try
Try to divide

Something so real
So till the end of time
I'm telling you that

No one no one no one
Can get in the way of what I'm feeling
No one no one no one
Can get in the way of what I feel for you
Oh oh oh oh...
