Repeat **

Sorry baby maybe I leave you now but I'd never forget
It's your scent and I ascend to the place where you
could never reach that's right
The place where I rest my soul in the mold
I think of you think of you a million times a day
The passion is deep and filled with heat
living this life on the hustle I barely get enough time to
just say good-bye to you and my life
To just say good-bye to you and my life
To just say good-bye to you and my life
Good-bye (good-bye)

Repeat *

Duh ee sang nal wi hae
Seul puh ha jin an get da go
Yak sok hae joo get ni
Je bal nae ga pyun hee gal soo it geh
Geu dae ro geu rut geh
Na reul sa rang haet dun gi uh
Gan jik ha myuh sal ah jwuh
Da eum se sang eh suh gi da ril ggeh
