I don't see how another days gonna make us change
our minds
So why don't we go separate ways and save us a bit of
time
We can't go on trying living behind this worn out and
thin disguise
I don't want to try talking it out I don't need another
fight
It just won't work when

All I want is a little peace and quiet (*2)

I just don't wanna live this way cause lately were up al
night
I can't speak free when your in my face and I don't like
to be unkind
But constantly you try and turn it around when clearly
its black and white
Somethings gone and now I'm feeling down cause I've
been here a million times

It just won't work when

All I want is a little peace and quiet(*2)

We can't go on trying living behind this worn out and
thin disguise
I don't want to try talking it out I don't need another
fight
It just won't work when
All I want is a little peace and quiet(*2)
