### Verse 1

Imagine if we had just a little more time  
I ask myself, would you be mine?  
I had you right there, right in front me  
I had your love, had your smile  
Now Iâ€™m out here lost at sea  
Trying to be free

### Chorus

Keep from going under  
Iâ€™m sinking slow  
Keep from going under  
Why did I let you go?

### Verse 2

Since you left me, thereâ€™s been plenty of girls (boys)  
But none of them took my heart  
Or ruled my world  
As crazy as it sounds, Iâ€™m not over you  
Iâ€™ve got my head above water  
Trying to figure out what to do  
To be next to you

### Chorus
