Hankering - is gripping way too tight

My body heat - 113 Fahrenheit

Infuckinsanity -

Tries to drag my mind in fight

Refuckinality -

On point of vanishing from sight

A raging thirst -

I cannot slake it in my plight

My blood disperses -

I'm acidifying inside!

I disobey the call of receptivity -

My body punishes hard - my disloyalty!

I can't resist no more - free falling meâ€¦!

(Background choir)

Ah - close to eternity -

Yeah - today I'm alive!

Feeling eternity so close

Could be my last decisive dose

Hearing my curtain call

Today I'm alive

Hate intends my will

To give in to temptation

To stop my fall - supply myself

With fleeting levitation!

I disobey the call of receptivity -

My body punishes hard - my disloyalty!

I can't resist no more - free falling meâ€¦!

Feeling eternity so close

Could be my last decisive dose
Hearing my curtain call
Today I'm alive

Don't wanna take my final dose -
My body feels like comatose
I will at last metamorphose
My eternal rest so close!

Hate!
My fucked up hate!

I can't resist no more - free falling!

Feeling eternity so close
Could be my last decisive dose
Hearing my curtain call
Today I'm alive
