Wake up - dare to fly  
Shout out - your battle cry  
This is - your own reply  
To all those suckers in you way!

Never fear - listen up!

I am not your eyes anymore  
I am not your heart to explore  
You got a life to realize  
You got yourself to idealize  
You're the deputy of all of your dreams!

So - too long trailed behind  
You're sick of being kind  
To all those suckers in your way!

Never fear - blow 'em away!

I am not your eyes anymore  
I am not your heart to explore  
You got a life to realize  
You got yourself to idealize  
You're the deputy of all of your dreams!

Oh - with a wing down you're way too weak  
With a wing down your heart's too bleak

Never fear!

Be self-made!

You got all your reasons  
To use all your wings and  
To fly like a bat out of hell!

I am not your eyes anymore  
(Come on, wake up and dare to fly!)  
I am not your heart to explore

(I cannot hear your battle cry!)  
You got a life to realize  
You got yourself to idealize  
You're the deputy of all of your dreams!
