Welcome to: Our raving show!  
We are lunatic and beyond control  
We want you all to mosh with us!  
We break the silence and you taste dust -

You know the game - there ain't no rules  
There ain't no masks - there ain't no fools -  
It's just about to lose control  
So here we are to kick your ass  
And rock 'n' roll!

Come on and join the game!  
We're up to go insane!  
Come on and join the game!  
Oh, I wanna be with you!

Circlepit - where is the circlepit?!  
The circlepit, we're jumping into it!

The bass cyclone  
The drumming tornado  
I'm the vortex generating super operator

(Background)

Come with me - come with me -

Come on and join the game!  
We're up to go insane!  
Come on and join the game!  
Oh, I wanna be with you!

Are you ready to circlepit?  
Are you ready?

GO!

Create a vortex!

1 - 2 - 1, 2, 3, 4!

Rollin', rollin'!  
You gotta rollin', rollin'!

And we're far beyond control  
This is a vortex!  
And we're far beyond control  
This is a:

1, 2, 3, 4 - GO!

Are you prepared for the last circlepit?!

Come on and join the game!  
We're up to go insane!  
Come on and join the game!  
Oh, I wanna be with you!
