It's cold
At least I can feel
I'm surrounded by flaming lights that makes me blind
The only thing I see is faces I never saw
I'm covered by darkness
This cage of shadows that brings me so far from you
All I know is that I'm alive
I think I walk though the roads of this never ending city.
I was once happy
I saw you cheerful face smiling at me
And I was so complete
I thought that everything was ok
That times will flow like a river of life and light
I trusted in my dreams and my hopes
I tried to catch all the stars flying
Over my eyes and give them to you.
I was ready to sell my soul to the darkest gods
Just to see for some seconds the smile of your face
And there you were happy , full of joy and life.
Surrounded by people ,warm words and smoky promises
And I was fading away
All that I saw was your smile
And that was enough
And even know that the arms of the forgotten are taking me
I still remember your smile .
I'm forgotten now ... but its ok I'll be ok
I will go one in my dark and empty road to my dark place
And if this cruel world will bring your tears again
You can find me there ... ready to fight ... ready to love you
Don't worry ... will wait ... forever
I will pray the skies of immortal grace
To fade away the pain of heart
To burn forever the thorns of sorrow
And to bring again your precious smile
