Some people drain away the pain and see
What is left and what is.

Meaningless words are said to keep
it clean.

Bleeding lies beneath their skin
Don't you crave and try to see
That this shades are drowning me
Lay down and close your eyes
For this is my last goodbye!

It's all the poison that crawls inside this heart!
And all the senses have died in you tonight!
In all this colors of smiles that melt in cries!
In all the dreams that have died tonight!

Should I? Should I? Should I?
Pass through this?
Could I? Could I? Could I?
Fall into this spell?
Would I? Would I? Would I?
Break this dream?
Can I? Can I? Can I?
Erase it all?
That you are gone!

No! I won't let you go!
In the shadows flow!
Turning back this!
Blowing a kiss!
I will never stop!

It's all the poison that crawls inside this heart!
And all the senses have died in you tonight!
In all this colors of smiles that melt in cries!
In all the dreams that have died tonight!

I won't let you go!

It's all the poison that crawls inside this heart!

And all the senses have died in you tonight!

In all this colors of smiles that melt in cries!

In all the dreams that have died tonight!
