Time changed and storms are gone  
I don't remember now  
All the pains that I have drowned  
Vanished up somehow

But then the fair came  
The fear to believe in something that can never be.  
The fair to heal my heart and break it again.  
The fair to love, and never be loved in return.

Don't you hide your eyes at all  
Don't you run from this call  
Don't let sorrow freeze your soul  
And memories make you fall  
Let the pains of past be gone  
Let the fears be undone  
Find a light and find a love  
The secret to go on!

Bittersweet thoughts dropped inside  
Hurt and close my mind  
And they never let me find  
What was once so kind

It's hard to trust.  
It's hard to start to fly and then shatter down again.  
It's hard to believe in the words of a foolish heart.  
To play again with your life  
When you once already died

Don't you hide your eyes at all  
Don't you run from this call  
Don't let sorrow freeze your soul  
And memories make you fall  
Let the pains of past be gone  
Let the fears be undone

Find a light and find a love  
The secret to go on!

Don't break me again and make believe and fight for what I feel  
And whisper Kiss me once more!

Don't you hide your eyes at all  
Don't you run from this call  
Don't let sorrow freeze your soul  
And memories make you fall  
Let the pains of past be gone  
Let the fears be undone  
Find a light and find a love  
The secret to go on!
