"Four Billion Voices"

A young man says "Sir I don't know what I should do for God. I've never received a call." An old man looked down at the young man. He said "What? You mean you didn't hear the call."

*Go for this new generation. They are all primed and ready for something spiritual. They don't know what. Go to them! *

Come, you have been chosen, bought at a price
Your life, it's not your own
I hear four billion voices who have not heard
What you have not spoken

Eternity is already come
And the darkness they've known is all that they will ever know
If we do not come

I want to see you afflicted with a heart of God, to go into all the world.

Hopeless and lost
You watch the horizon for the message of love
Will you ever come
Someone has showed him Jesus has come
And the Way is open

Eternity is already come
And the darkness they've known is all that they will ever know
If we do not come

Die to the world view that you're living under. You have a commandment from God to go to every creature in the world. Now you have to have a word that is strong, not to go. So if you are staying you have to have a clearer word than the one who has to go. I'm saying come go with us. Jesus said "Disciple all nations, not one." We will never disciple even America if we only try to disciple one nation, because it is ours.

Eternity is already come
And the darkness they've known
Is all that they will ever know
If we do not come

And you have been called
And you have been chosen
Bought at a price
Your life, it's not your own
I hear His voice and He has been called
He has been chosen
