Traveling down a road that's lonely  
Wondering why you're feelin' blue  
Living just for yourself only  
I know what you're going through

Looking through those shady lenses  
Will distort the view  
Yeah, can't you see that  
Love is needed?  
Let me share my life with you  
Make your mind up  
Where we wind up  
It's up to you  
It's up to you

How can you see the new horizon  
When you hide your heart away?  
The past has made you so protective  
But those are dues you had to pay

Now throw away the gloomy makeup  
Groovin' is the thing to do  
Well, time to wake up  
All your feelings  
Let the sun come shining through  
Make your mind up  
Where we wind up  
It's up to you

It's up to you  
It's up to you  
Hey hey hey

Throw away that gloomy makeup  
Groovin' is the thing to do  
Yeah, time to wake up  
All your feelings  
Let the sun come shining through  
Make your mind up  
Where we wind up  
It's up to you  
It's up to you

It's up to you  
Make your mind up  
Where we gonna wind up  
You know it's up to you, girl  
It's up to you  
Make your mind up  
Where we wind up  
You got to make your mind up  
Where we wind up  
It's up to you
