Maybe I act on confused behavior
Maybe waves crash like semi-trailer
Maybe I'll spend my off-time without you
It seems like we need our own space

And all the time I wasted away
I don't feel good unless you stay
And all the time I chased you away
Simply to catch back up with

Chorus:
Your solitude is welcome
Your attitude is welcome

All you see is red lights behind me
Maybe this isn't what you wanted, baby
I don't blame you for falling backwards
No one's ever quite confused you this way

All this time we wasted away
We don't feel good unless were gray
And all the times I chased you away
I simply don't feel good

Chorus

All this time, we heard alarms
Come to find, we fell apart
This whole thing has crashed down, crashed down
All this time, we heard alarms

Chorus

You are welcome
