October was a drag
Damn it all
You and I were fools
Overcast and sad
Winter blues
Allowing us to cool
When it's I know all I want to do
Resort to make-believe
There's no truth in the rumour
That's all I want to say
There's no room for manoeuvre
Make sure that it stays
A love for all seasons
January comes
Steely blue
Nothing seems to rhyme
With all the noise of spring
Passion wakes
Cos we hear summertime
There's no truth in the rumour
That's all I want to say
There's no room for manoeuvre
Make sure that it stays
A love for all seasons
October comes around
As it does
But this time we're prepared
You and I can go
To love land
There's a sunset to be shared
There's no truth in the rumour
That's all I want to say
There's no room for manoeuvre
Make sure that it stays
A love for all seasons
Winter, spring, summer or fall
I love you, I love you
January, February, March, April,
May, June, July, August, September,
October, November, December
